

What would Poynton be without its community?

After a year when so many residents and community groups helped each other through the pandemic, it gives me great pleasure in being able to hold the twelfth Town Civic Awards to members of our community. These awards seek to recognise those who give their time freely to benefit our community, from individual volunteers to the community organisations themselves.

The Youth award seeks out the younger members of the community who have already embarked on a life of giving something back.

Do you know someone who you think has civic pride and deserves recognition? If you do, please fill in the nomination form giving as much information as you can about why they should receive a Civic Award. Thank you for supporting your community.

Lee Podmore

Cllr Lee Podmore, Town Mayor
