**For the attention of the owner/occupier**

Dear Neighbour,

**Poynton Relief Road – Notification of sheet piling operations**

As the Principal Contractor working with Cheshire East Council and Stockport Borough Council on the Poynton Relief Road project, we would like to inform you we will be commencing critical sheet piling activities.

The works will enable the construction of a surface water attenuation tank on the south side of the new Chester Road bridge. The sheet piling operation involves installing 186 sheet piles to a depth of up to 10m, using a piling rig and vibro-hammer. The works cause both noise and vibration, which means some disturbance is unavoidable.

We will be carrying out noise and vibration monitoring during the period of these works.

**Important information about piling operations**

To minimise the effect of noise and vibration on our neighbours, we have condensed the programme for these works, with the operations taking place from **Monday 23<sup>rd</sup> May** until **Friday 3<sup>rd</sup> June**. The works will be carried out Monday to Friday between the hours of 7.30 am and 6.00 pm.

**Considerate Constructors Scheme**

GRAHAM are Partner Members of the Considerate Constructors Scheme. This scheme aims to improve the image of the construction industry by following a Code of Considerate Practice which covers several things, including site safety and considering the impact of works on the local community. You can find more information about it online: [www.ccscheme.org.uk](http://www.ccscheme.org.uk)

**Keep in touch**
